Office of Research and Development

BIostatISTICS REQUEST
(FORM 7)

Date Received: _____ Initials: _____

ORD Project Number: BN - _____ - _____

Preliminary Title: _____

Principal Investigator: _____

Research Team: _____

Funding source (other than ORD support)? _____

Description: Biostatistical and Analysis Support for QMC Research: Statistical and data analysis support is available for QMC-employed investigator-initiated research projects. QMC investigators are encouraged to discuss their plans early in the project to ensure data is suitable for analysis. Statistical writing requires specific terminology to describe the study outcome(s) accurately and is complementary to the clinical aspects of the study.

For JABSOM residents' research and UH student research: please contact JABSOM Biostats

For all other QMC-employed investigator-initiated research:

1. Investigator completes ORD Form 7 (this form)..
2. Submits ORD Form 7 Todd Seto, MD via email: tseto@queens.org
3. Dr. Seto will notify requestor who to contact next.

Review Criteria:

a. QMC staff is lead?	☐ Yes ☐ No												
b. Existing grant with biostats budget?	☐ Yes ☐ No												
c. Request with intent for publication?	☐ Yes ☐ No												
d. Request with intent for grant submission?	☐ Yes ☐ No												
e. Research area(s)*? *ORD budget prioritizes according to board-directed QMC research. **Oncology-related projects should seek Biostats support through the University of Hawaii Cancer Center	<table><tr><td>☐ Cancer**</td><td>☐ Nursing</td><td>☐ Basic/Translational</td></tr><tr><td>☐ Native Hawaiian Health</td><td>☐ Trauma/Ortho</td><td></td></tr><tr><td>☐ Cardiovascular</td><td>☐ Neuroscience</td><td></td></tr><tr><td colspan="3">☐ Other: _____</td></tr></table>	☐ Cancer**	☐ Nursing	☐ Basic/Translational	☐ Native Hawaiian Health	☐ Trauma/Ortho		☐ Cardiovascular	☐ Neuroscience		☐ Other: _____		
☐ Cancer**	☐ Nursing	☐ Basic/Translational											
☐ Native Hawaiian Health	☐ Trauma/Ortho												
☐ Cardiovascular	☐ Neuroscience												
☐ Other: _____													
f. What kind of support is needed (check all that apply)? ☐ Sample size calculation ☐ power analysis ☐ data analysis plan ☐ study design ☐ data management ☐ data collection tool design (randomizations and sampling techniques) ☐ biostatistical/bioinformatical analyses ☐ data listings, tables and figures ☐ publication and presentation preparation.													

This section for James Davis use only

Estimated hours, rate and total costs: _____ hours x \$_____ per hours = \$_____

This section for ORD use only

☐ Approved ☐ Not Approved (Reason _____)

Director, ORD Date: _____
